Subject: FRN to re-open the customer comment period for Rate Order No; WAPA-190
Date: Monday, June 22, 2020 10:07:31 AM

Dear Colorado River Storage Project Management Center Customer:

WAPA's Administrator signed an FRN to re-open the customer comment period for Rate Order No; WAPA-190. We expect the FRN to be published NLT June 26, 2020 and the extended period will be 14 days or until July 10, 2020, whichever is later.

The purpose of the additional comment period is to address concerns about data uploaded to the Rate Action website: https://www.wapa.gov/regions/CRSP/rates/Pages/rate-order-190.aspx during and since the closeout of the initial comment period on April, 20, 2020. This includes the web-based conferences on Purchased Power June 3, 2020 and the Cost Recovery Charge on June 4, 2020.

Additionally, because reviews of the FY 2022 work plans were not completed in the anticipated timeframe, WAPA plans to revert back to the FY 2021 work plans.

WAPA will continue to post information to the website as it becomes available, including:

- The published FRN mentioned above regarding comment period extension
- The proposed FY 2021 CRSP Transmission Rate
- The Final SLCA/IP Firm Power Rates

If there are any questions, please contact Tim Vigil, Vice President of Power Marketing, at (970) 252-3005 or tvigil@wapa.gov. You may also contact Thomas Hackett, CRSP Rates Manager, at (801) 524-5503, or hackett@wapa.gov.

You may also reply to this email with any questions.
