Subject: Potential Control Area Consolidation

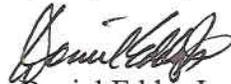

Dear Mr. Carlson:

Representatives of the Colorado River Indian Tribes (CRIT) attended the February 12, 2008 evaluation meeting in Phoenix regarding the proposed control area consolidation of WAPA regions. The presentation displayed several operating changes and costs associated with such a consolidation in Colorado.

As a relatively new customer, CRIT has only recently become acquainted with the various services available in the DSW region and the various experts who are available to advise and assist new customers like CRIT. We value these Western services and the availability of experts to assist us. Basically, we do not desire any reduction of our access to such services and experts. Therefore, we do not endorse the consolidation proposal as presented.

Sincerely yours,

COLORADO RIVER INDIAN TRIBES

  
Daniel Eddy, Jr.  
Chairman
