Phoenix, AZ 85005-6457

MAY 18 2011

Dear Western Customers and Interested Parties:

The Western Area Power Administration (Western) initiated a public process to allocate Boulder Canyon Project (BCP) power after current contracts expire on September 30, 2017, by publication of a *Federal Register* notice (FRN) (Volume 74, No. 223) on November 20, 2009. Western most recently published a FRN on April 27, 2011 (Volume 76, No. 81) (enclosed), which announced decisions and made additional proposals relative to the BCP remarketing effort. In this FRN public information and comment forums were established for May 25, 2011, with the comment period ending June 16, 2011.

Western would like to inform you that these public information and comment forums have been canceled and will be rescheduled for a later date through a notice published in the *Federal Register*. The end of the comment period will also be extended to a later date to allow for additional time for interested parties to consider and comment on Western's April 27, 2011 proposals.

If you have any questions, please contact Mr. Mike Simonton, Remarketing Program Manager, at 602-605-2675 or by e-mail at Post2017BCP@wapa.gov.

Sincerely,

for 
Deborah K. Emler
Assistant Regional Manager
for Federal Power Programs
