Subject: Proposed Intertie Project rate increase; unanswered questions; data request
Attachments: Intertie Rate Increase Data Request 081412.doc

Dear Jack:

The attached data request is submitted to cover items that were discussed at the Public Information Forum and in an August 3 response to questions that were not answered at the Public Information Forum. As you know, it was very difficult for us to exercise our due process rights at the Public Comment Forum because the questions we had originally propounded had not been answered. The August 3 answers leave considerable unanswered questions about statements made therein. In order to exercise our due process rights by the September 10, 2012 comment deadline, we need this data in a timely fashion so that our engineers may review it and advise us of appropriate comments to make in writing.

Please let me know if you have any questions about this request. We would appreciate getting a response by Friday, August 31, 2012 in order to have time to prepare for the written comment deadline.

Sincerely,
Robert S. Lynch
