# Practical Applications of the 2005 NEC

**Instructor: Joe Baber**

**Fargo, Bemidji and Grand Forks**

Participation qualifies for 8 code credits

- This eight-hour class will feature practical applications of the 2005 National Electrical Code (NEC).
- This class will cover services, feeders and fixed electrical space heating equipment as applied to single and multi-family buildings.
- Electricians of all disciplines will walk away with a clear and concise understanding of the course content.

## About the Instructor

Joe Baber's career spans more than 35 years in the electrical industry. For the past 18 years Joe's time has been dedicated to code enforcement, interpretation and instruction. Joe holds Minnesota Master, Journeyman and Maintenance Electrician Licenses. He was a past president and board member for the Minnesota Chapter of the International Association of Electrical Inspectors.
