Carole,

Just following up on FMYN's letter dated April 18, 2012, in which you requested additional consultations with Western regarding the Boulder Canyon Project Post 2017 marketing efforts (attached).

As you are likely aware, there is a scheduled July 26th ITCA consultation to be held at the Heard Museum in Phoenix. We will likely see you there. Western conducted the June 19th informal meeting with all interested parties as discussed below.

As described below in my attempts to establish consultation with FMYN, Western maintains options for one on one consultation and would need your coordination if you would like to pursue them. Please advise of your preference for any other meetings/consultations. Thank you.

-Mike
