

Western Area Power Administration Upper Great Plains Region

Large Generator Interconnection (LGI) /
Small Generator Interconnection (SGI)
Study Documents

The Feasibility Study / System Impact Study / Facility Study / Optional Study or other Study Report is available for the Generation Interconnection Request listed; however, the report has not yet been posted to the external web site.

Please submit an email to: Dirk Shulund (WAPA, UGPR, Billings, MT) at shulund@wapa.gov with a CC to Steve Sanders (WAPA, UGPR, Billings, MT) at sanders@wapa.gov requesting access, and the requested study report will be uploaded as soon as possible to activate the link in the Generation Interconnection Queue listing.

Any questions can be directed to: Dirk Shulund at (406) 255-2841.
