## Western Area Power Administration

*Powering the energy frontier*

Good afternoon,

We would like to invite you to a technical meeting hosted by WAPA to discuss the Ten-Year Capital Plan for the Headquarters office. Here are the meeting details:

**Date:** Nov. 28, 2022

**Time:** 1:00 p.m. to 4:30 p.m., MST

**Location:** WebEx; see meeting registration link below

### Agenda

The meeting is an opportunity to review the WAPA-HQ Budget Formulation for the Ten-Year Capital Plan. We want you to ask questions and provide feedback on the proposed budget, which will inform our Ten-Year Capital Plan for WAPA-HQ. We will, again, include project level information for projects exceeding \$1 million to better facilitate discussion.

There will be subject matter experts (including regional beneficiaries of the investments) to discuss the details regarding the various projects. This is meant to promote further discussion and understanding of the programs. We encourage you to bring those from your organization who may have expertise in these areas to ask questions and have meaningful discussion.

Our tentative agenda includes:

- Introduction and meeting outline
- WAPA-HQ Ten-Year Capital Plan discussion
- Wrap-up and review of next steps

**Space is limited, and RSVPs will be first come, first served. Register as soon as possible.**
