Western Area Power Administration

Powering the energy frontier

Good day WAPA customers,

The [November issue](#) of Closed Circuit is now available. If you haven't already, be sure to [bookmark this page](#), where you will be able to access all issues as they are released.

This issue features the following stories:

- EPTC reflects on MPS upgrades
- DSW partners with CAISO to benefit customers
- Liaison supports Tribal customers
- Portal migration increases security, performance
- Mini Summit explores leadership styles
- Drive safely this winter
- Facility closure leads to discovery of older site
- Brief Transmissions

As a reminder, monthly publication schedules and the constantly evolving nature of the situation means it is not possible for Closed Circuit to provide up-to-date information regarding COVID-19.

We appreciate your feedback. If you have story ideas or know of newsworthy milestones or achievements, don't hesitate to send them my way.

Philip Reed
