## Western Area Power Administration

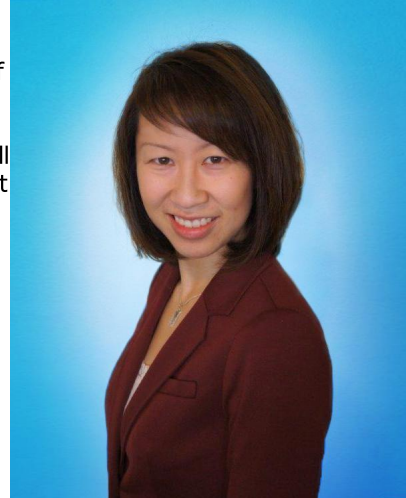

*Powering the energy frontier*

Good day,

Our sister organization Bonneville Power Administration is lending us one of their best to act as our executive vice president and chief operating officer for the next several months.

BPA Vice President of Transmission Marketing and Sales Tina Ko will be joining us starting March 13. She has served a variety of roles at BPA in both the power marketing and transmission functions. Her robust and diverse experience includes strategic planning, finance, marketing and sales and customer operations. She has led, designed and sponsored stakeholder engagement strategies and negotiated regional energy policy as well as wholesale power and transmission customer contracts.

Tina's principles of collaboration, continuous learning and improvement mirror WAPA's culture well, as does her commitment to safety; diversity, equity and inclusion; and leading change.

I am thrilled to have Tina bring her valuable skills and expertise to the role, to the Office of the Chief Operating Officer and to WAPA, as we kick off our executive search to fill the role permanently. Tina will be transitioning from her BPA duties the week of March 13 and I look forward to her being full time with us starting March 21.

**Tracey A. LeBeau | Administrator and Chief Executive Officer**
