Good morning,

To follow up on last week's email, President Donald Trump has signed the continuing resolution to fully fund the government through Nov. 21. Between now and then, Congress is expected to continue negotiating appropriations bills, including the Energy-Water minibus in which WAPA's appropriations language resides. The goal is to pass all the appropriations bills before the continuing resolution expires.

Thank you for your continued support of WAPA and its mission. We will continue to provide updates on this year's appropriations as they become available.

Dennis R. Sullivan | Chief Financial Officer
