## Western Area Power Administration

*Powering the energy frontier*

Good afternoon WAPA customers,

The [June issue](#) of Closed Circuit is now available. If you haven't already, be sure to [bookmark this page](#), where you will be able to access all issues as they are released.

This issue features the following stories:

- Spring Disturbance Flow charts new highs, lows
- Get to know WAPA's COO
- OSEM, Strategy partner for security culture
- Pilot automates transformer data transfer
- Face to face with Inclusion and Diversity
- Employees learn history of Buffalo Soldiers
- Safety Incentive Program: Are you missing out?
- Rapid Recaps
- Brief Transmissions

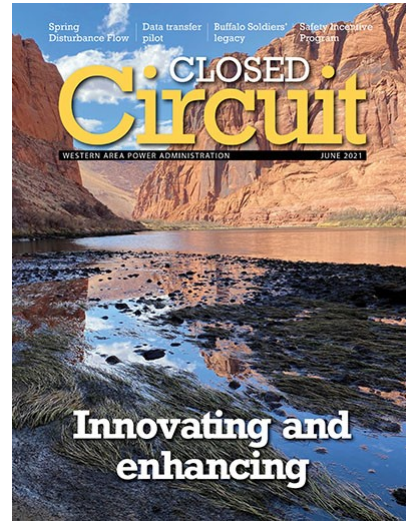

As a reminder, monthly publication schedules and the constantly evolving nature of the situation means it is not possible for Closed Circuit to provide up-to-date information regarding COVID-19.

We appreciate your feedback. If you have story ideas or know of newsworthy milestones or achievements, don't hesitate to send them my way.
