**Re: Comments to Revision to the Final Principles of Integrated Resources  
Planning for Use in Resource Acquisition and Transmission Planning**

Dear Ms. Kyriss:

This law firm represents Maricopa County Municipal Water Conservation District No. 1, Electrical District No. 6, Electrical District No. 7, Roosevelt Irrigation District, Buckeye Water Conservation and Drainage District, and the Ocotillo Water Conservation District (collectively, the "Districts"), all of which contract for power with the Western Area Power Administration ("Western") and the Arizona Power Authority.

The Districts appreciate the opportunity to comment on the Revision to the Final Principles of Integrated Resources Planning for Use in Resource Acquisition and Transmission Planning, 76 Fed. Reg. 38146 (June 29, 2011), and join in the comments submitted by the Colorado River Energy Distributors Association dated July 28, 2011, and the comments of the Irrigation and Electrical Districts Association dated July 29, 2011.

The Districts hope that Western will give full consideration to those comments and the potential impact to the Districts and other stakeholders. Thank you.

Sincerely,

Sheryl A. Sweeney
