Subject: Operations Consolidation Comments

Mr. Carlson,

Here are my comments I promised to send you following the February 12, 2008 Consolidation Proposal meeting>

First - I think the concept if overall very worthy and doable.

My questions fall around specific operational issues:

- 1) What will be the communication and EMS configuration architecture?
What redundancy will you have? Will you operate from a single EMS?
- 2) Under consolidation scenario how will you determine the consolidated BA's reserve obligation? How will you accept and deliver reserves from two reserve sharing groups?

Thank you for accepting these questions.

-tom
