

FACT Sheet

WESTERN AREA POWER ADMINISTRATION

WAPA serves Wyoming

Western Area Power Administration is one of four power marketing administrations within the Department of Energy that markets and transmits wholesale electricity. Its service area encompasses a 15-state region of the central and western U.S. where its 17,272-circuit-mile transmission system carries electricity from 57 hydroelectric powerplants. WAPA sells power to preference customers who in turn provide retail electric service to more than 40 million Americans.

Map shows transmission infrastructure in Wyoming.

Powerplants and FY20 net generation (GWh):

Alcova: 130
Boysen: 71
Buffalo Bill: 87
Fontenelle: 65
Fremont Canyon: 253
Glendo: 107
Guernsey: 21
Heart Mountain: 21
Kortes: 156

Pilot Butte: 0
Seminole: 135
Shoshone: 21
Spirit Mountain: 16

Types of customers:

Municipalities: 4
