DEC 01 2017

Dear Central Arizona Project 115/230-kV Transmission Service Customers and Interested Parties:

Rate Order No. WAPA-172 for the Central Arizona Project (CAP) requires an annual calculation of charges for CAP 115/230-kV transmission service. As a result of this calculation, WAPA has determined the transmission rates will remain unchanged for the 2018 calendar year. Effective January 1, 2018, the rates are as follows:

|                                  |         |
|----------------------------------|---------|
| Firm Transmission Rate (CAP-FT3) |         |
| \$/kW-year                       | \$21.00 |
| \$/kW-month                      | \$ 1.75 |

|                                       |      |
|---------------------------------------|------|
| Non-firm Transmission Rate (CAP-NFT3) |      |
| mills/kWh                             | 2.40 |

Our review has determined the current rate amount is necessary for operating, maintenance and capital costs for the CAP 115/230-kV transmission system.

Updated CAP 115/230-kV transmission rate data will be available for review on WAPA's website at <https://www.wapa.gov/regions/DSW/Rates/Pages/central-arizona-rates.aspx>.

If you have questions or need additional information, please call Ms. Ebony Dennis at (602) 605-2602 or Ms. Florence Brooks at (602) 605-2479.

Sincerely,

  
Florence Y. Brooks  
Acting Rates Manager
