Subject: CRSP-DSW Combined Transmission Service Rate - January 26 Work Group Meeting Cancellation
Date: Thursday, January 21, 2021 5:01:52 PM

Dear Colorado River Storage Project and Desert Southwest Region Customers:

Based on customer feedback, we are canceling the meeting scheduled for January 26, 2021, to allow customers time to review the materials and continue analysis of this proposal. We will continue to seek and receive customer feedback, ideas and questions and commit to continue to collaboratively seek an alternative future time to reconvene stakeholders.

We had an action item from our December combined rate meeting to provide a preliminary cost impact analysis. We have posted a [spreadsheet](#) which provides for a cost impact analysis for customers who have point-to-point transmission service. In addition, we have updated the [Q&A document](#).

All meeting materials and information have been posted to our [website](#) to help with your analysis.

We are available to answer any questions and for individual customer analysis.

Sincerely,

Brent Osiek | Program and Regulatory Advisor
