**Subject:** CRSP-DSW Combined Transmission Service Rate - Work Group Meeting Cancellation

Dear Colorado River Storage Project and Desert Southwest Region Customers,

Earlier this month, we scheduled a meeting for the combined transmission rate for October 29, 2020. Since then, we received a comprehensive list of questions about the combined rate from the Colorado River Energy Distributors Association (CREDA). We have posted the list of questions to our website at <https://www.wapa.gov/regions/DSW/Rates/Pages/CombinedTransRate.aspx>.

We are very appreciative of the input provided by CREDA as well as other customers and stakeholders. So that we have sufficient time to respond to as many questions as possible and ensure the next work group meeting is productive, we are cancelling the meeting on October 29, 2020. We apologize for the short notice of the cancellation.

We will keep the meetings scheduled for November 19, 2020, at 1 p.m. (MST) and December 16, 2020, at 10 a.m. (MST) and we will send a reminder and post meeting materials in advance of those meetings. We look forward to your participation and in the meantime encourage you to continue providing input on the combined rate.

If you have questions or need additional information, please contact Brent Osiek or Scott Lund at the contact information listed below or [onerate@wapa.gov](mailto:onerate@wapa.gov).

Sincerely,

**Brent Osiek | Program and Regulatory Advisor**
