Subject: CRSP-DSW Combined Transmission Service Rate - Work Group Meeting Invitation

Dear Colorado River Storage Project and Desert Southwest Region Customers,

On September 24, 2020, we held our initial work group meeting to collaboratively explore the possibility of combining the transmission service rates of the Colorado River Storage Project and Desert Southwest Region. At the meeting, we reviewed information about the transmission systems as well as a conceptual rate design and revenue allocation. We appreciated your participation, ideas, and suggestions.

At that meeting, we also discussed subsequent work group meetings. We have scheduled those meetings as follows:

October 29, 2020, at 9 a.m. (MST), 10 a.m. (MDT)
November 19, 2020, at 1 p.m. (MST)
December 16, 2020, at 10 a.m. (MST)

We anticipate the meetings will last approximately 90 minutes. Webex, conference bridge information, and meeting materials will be available before the meeting at <https://www.wapa.gov/regions/DSW/Rates/Pages/CombinedTransRate.aspx>.

If you have questions or need additional information, please contact Brent Osiek or Scott Lund at the contact information listed below or onerate@wapa.gov.

Sincerely,

Brent Osiek | Program and Regulatory Advisor
