Re: Multi-System Transmission Rate

Dear Mr. Carlson:

The issues related to the Multi-System Transmission Rate (MSTR) are complicated. Although we are not impacted with pancaking expenses at this time, looking ahead to our future needs, without the MSTR this could certainly become an issue for us.

We appreciate the efforts Western has put into this process and believe that the implementation of a 5 year stepped rate would work for us.

Wellton-Mohawk supports Western's proposed MSTR concept.

Sincerely,

Charles W. Slocum
General Manager
