

CRSP/DSW Combined Transmission Service Rate

Customer Questions (*pending responses*)

Questions received through November 18, 2020. Please send questions, comments or corrections to onerate@wapa.gov

1. Would potential increased sales offset the loss of pancaked revenue?
2. Will WAPA consider a flexible use of FES transmission in which customers could use that transmission if it is not being used to deliver FES energy?
3. Which current Parker-Davis Project customers would benefit?
