Thanks Sandee:

Is the most recent Power Marketing Plan available?

With regards to the 2% Base Resource reduction; is an entity's tenure as a WAPA customer taken into consideration?

MCE would be favor of reducing the Base Resource percentages of those customers with the largest Base Resource to load ratio and/or the longest tenure as a WAPA customer.

As one of your newest customers, we would not like to see our allocation reduced so soon after beginning service.

Hi Greg,

We have not drafted the Proposed Plan. After we hear from the customers and consider any comments received, we will have a better idea of what the Proposed Plan should look like. Once we have drafted it, it will be published in the Federal Register.

I've attached the presentation. Please feel free to contact me with any other questions you may have.

Thanks, Sandee
