

# WAPA-SN Public Information Meeting Rate Order WAPA-194

Western Area Power Administration  
Sierra Nevada Region  
Tuesday, December 15, 2020  
9:00 AM – 11:00 PM  
Web Conference

# WebEx Housekeeping Items

- All participants are muted on entry to ensure a smooth remote meeting
- For questions during Q&A periods, please choose one of the following options:
  - Send questions to the host in the WebEx chat
  - Use the “Raise Hand” icon next to your name in participant list. The host will unmute and call on you
- Phone only participants: When prompted by the host, press \*6 from device to unmute yourself on WebEx
- Some questions may be answered later in other presentations
- We will have time for additional questions at the end of the meeting
- Make sure you are not “double-muted” when attempting to talk (i.e. muted on your device in addition to the WebEx client)

# Short-Term Rate for the Sale of Surplus Products

Autumn Wolfe  
SN Rates Manager

# Frequency Response Reserve

- FRR was introduced as part of the formal rates process. With the expected retirement of BAL-002-WECC-2a, Requirement 2 that mandates 50% of an entity's Contingency Reserves are held as Spinning Reserves, BANC, working with the WAPA SBA, developed FRR as a new approach for meeting the BA's reserve obligation
  - Only CVP units are capable of providing FRR in the SBA
  - FRR will be offered the same as Spinning Reserve today
- Implementation has been moved up to January 7, 2021 from April 1, 2021, as such, a short-term rate for the Sale of Surplus Products will be developed for providing FRR service.

# Pricing for Resource Sufficiency

Rosemary Jones

Power Marketing and Energy Services Specialist

# Balancing and Flex Ramp Pricing

- In accordance with the CV-SSP1 Component 1 WAPA will charge the greater of WAPA-SN's cost or market rates.
- WAPA costs are equivalent to our existing spinning market offer price. At this time, our cost is \$3.05, however the costs factors are continually monitored and may be adjusted on a month ahead basis.
- Due to no CAISO EIM market pricing for either of these products, WAPA looks to the BANC pricing structure to represent a market cost.

# Closing Remarks

Autumn Wolfe  
SN Rates Manager
