SCHEDULING, SYSTEM CONTROL, AND DISPATCH SERVICE

Applicable

This service is required to schedule the movement of power through, out of, within, or into the Western Area Colorado Missouri Balancing Authority (WACM). The charges for Scheduling, System Control, and Dispatch Service are to be based on the rate referred to below.

The rate will be applied to all electronic tags for WACM non-transmission customers. The Rocky Mountain Region (RMR) will accept any number of tagging changes over the course of the day without any additional charge.

The Loveland Area Projects' charges for Scheduling, System Control, and Dispatch Service may be modified upon written notice to the customer. Any change to the charges for the Scheduling, System Control, and Dispatch Service will be listed in a revision to this rate schedule issued under applicable Federal laws, regulations, and policies and made part of the applicable service agreement.

RMR will charge the non-transmission customer the rate then in effect. The charge will be assessed to the last transmission provider displayed in the electronic tag, unless other arrangements are made with WACM.
