

YOU ARE INVITED!

Basin Electric Power Cooperative (Basin Electric) and the Western Area Power Administration are hosting a public meeting in your area. Basin Electric is proposing to construct a 300-megawatt, combined-cycle energy conversion facility near White, South Dakota.

The public meeting is being held to obtain your input as well as to fulfill the primary principle of full disclosure and public participation in the National Environmental Policy Act scoping process. You are encouraged to attend the public meeting to learn more about the proposed project and provide your comments.
