

WHFS- Summary of Completed Questionnaires
12/12/07

Project Name	Fort Peck Assiniboine & Sioux Tribes Wind Project	Cheyenne Wind	Blackfeet Community Wind Project	Four Winds
Contact	Walter WhiteTail Feather, Director Fort Peck Energy Department	Margaret Bad Warrior, Tribal Counsel, Cheyenne River Sioux Tribe; Roger Freeman, Managing Director, Citizens Enterprises	Mike Constanti, Principal, Western Community Energy, LLC	Jerry Henscheid Public Work Director
Phone	406 768 5597	605 964 6686; 617 775 3386	406 579 6164	402 837 5728
Email	walter@fortpeckenergy.org	badwarrior@lakotanetwork.com ; rfreeman@citizensenergy.com	mconstanti@westerncommunityenergy.com	jerryh@harlannet.com
Nameplate-2010	39 MW	99 MW	25-50 MW	10 MW
Nameplate-Post 2010	NA	199.5 MW	NA	40-50 MW
Location	Cameron Point, MT (NE quadrant)	SD (NW quadrant)	East of Browning, just south of US-2 (NW quadrant of MT)	Walthill, NE
Turbine	Herg/Exmork-Asynchronous single speed; 0.78MW x 50	GE 1.5 –Doubly fed induction generator with insulated gate bipolar transistor power module; 1.5MWx66	NA	NA
Wind measurement	2 stations in place for 10 years	3 stations in place for 4 years	1 station in place since 10/07	2 stations for 2-4 years
Capacity factor/annual energy	170, 820 MW/year	40%	NA	NA
