AUG - 7 2012

Dear Tribal Representative:

Members of the Inter Tribal Council of Arizona (ITCA) and representatives of the Western Area Power Administration (Western) met on April 5, 2012, and again on July 26, 2012 in order to conduct Tribal consultations related to Western's remarketing of the Boulder Canyon Project (BCP) after the existing electric service contracts September 30, 2017.

Western is committed to timely and meaningful communication with Tribes and other interested parties as it prepares for implementation of the Hoover Power Allocation Act of 2011 (Public Law 112-72) (HPAA). To continue in these efforts, the next ITCA Tribal consultation is scheduled for August 28, 2012, at 9:30 am at the ITCA offices located at 2214 North Central Avenue, Suite 100, Phoenix, Arizona. The enclosed agenda shall serve as a general guide for the meeting's discussions.

Western recognizes that the ITCA is requesting this meeting as a collective organization of 20 Arizona Tribes. However, this scheduled meeting does not preclude Western from consulting with individual Arizona Tribes regarding the Hoover Power allocation criteria and process. Along with this scheduled meeting, Western extends an invitation to any Tribe in the DSW marketing area who may wish to have separate discussions with Western. Western is pleased to provide for future discussions either at a Western facility or at a location designated by the Tribe.

Information on the BCP Post 2017 marketing effort is available on Western's website at http://www.wapa.gov/dsw/pwrmt/BCP_Remarketing/BCP_Remarketing.htm. If you have any questions, please contact Mr. Mike Simonton, BCP Post 2017 Project Manager, at (602) 605-2675 or Simonton@wapa.gov.

Sincerely,

A handwritten signature in black ink that reads "Mike Simonton".
