Western Area Power Administration

Powering the energy frontier

Good day,

The Open Access Transmission Tariff Revision 22-02 redlines are now available at WAPA's [Open Access Same-Time Information System](#). The Dec. 7 webinar presentation is also available.

The availability of the redlines starts a 30-day informal comment period for customers and other stakeholders that ends Dec. 15.

As stated in the Nov. 1 [notice of intent](#), OATT Revision 22-02 will address Federal Energy Regulatory Commission Orders 676-I/J Standards for Business Practices and Communication Protocols for Public Utilities and FERC Order 881 Managing Transmission Line Ratings as well as cover other clean up and maintenance updates.

The revisions are primarily in existing Attachment N for Orders 676-I/J and a new Attachment U for Order 881.

We want to hear from you as we evaluate these changes. [Join us for the webinar](#) Dec. 7 at 10 a.m. MST to review the proposed revisions and the expected filing schedule. If you have any questions or comments, contact your WAPA OATT regional contact:

- Desert Southwest: John Steward, 602.605.2774, steward@wapa.gov
- Rocky Mountain and Colorado River Storage Project Management Center: Sean Erickson, 970.461.7584, erickson@wapa.gov
- Sierra Nevada: Cory Danson, 916.353.4402, danson@wapa.gov or Ira Witherspoon, 916.353.4659, witheresp@wapa.gov
- Upper Great Plains: Steve Sanders, 406.255.2807, sanders@wapa.gov or Dirk Shulund, 406.255.2840, shulund@wapa.gov
