Western Area Power Administration

Powering the energy frontier

Good morning,

Due to popular demand, we are hosting an additional meeting to discuss **drought and WAPA's engagement and responses to Congressional requests for additional data, analysis and potential funding to support the continued execution of our mission during the challenging operating environment ahead.**

Here are the meeting details:

Date: Wednesday, Dec. 21, 2022

Time: 11:00 a.m. to 12:30 p.m., MST

Location: WebEx; see meeting registration link below

Agenda

The meeting is an opportunity to hear WAPA's leadership and subject matter experts discuss drought related topics, and to provide a platform for you to ask questions and provide feedback.

Our tentative agenda includes:

- Introduction and meeting outline
- Review of the latest hydrology projections, which call for persisting drought across all of WAPA's power systems
- WAPA's expected Purchase Power and Wheeling and other funding needs
- Itemization of and methodology supporting WAPA's request for additional funding
- Colorado River Storage Project contingency planning for potential Glen Canyon environmental bypass and below minimum generation funding needs
- Suggestions, questions & answers
- Wrap-up and review of next steps

Space is limited, and RSVPs will be first come, first served. Register as soon as possible. Thank you.

<https://doe.webex.com/weblink/register/r6e18e88ea9837bfe9f9e5172564a08e8>

Once you are registered, you will receive a confirmation invite with a link to attend the meeting. If you do not receive it or have any questions, please reach out to Michael Peterson at mdpeterson@wapa.gov.
