Western Area Power Administration

Powering the energy frontier

Good afternoon WAPA customers,

The [December issue](#) of Closed Circuit is now available. If you haven't already, be sure to [bookmark this page](#), where you will be able to access all issues as they are released.

This issue features the following stories:

- Recovery success: Chub no longer endangered
- Engineer receives leadership award
- Removing raptor nests for reliable transmission
- Insulator storage improvement avoids costs
- ELDP graduates first cohort
- Final AEM of 2021 breaks records
- Top 10 stories of 2021
- Stay safe on the slopes
- Brief Transmissions

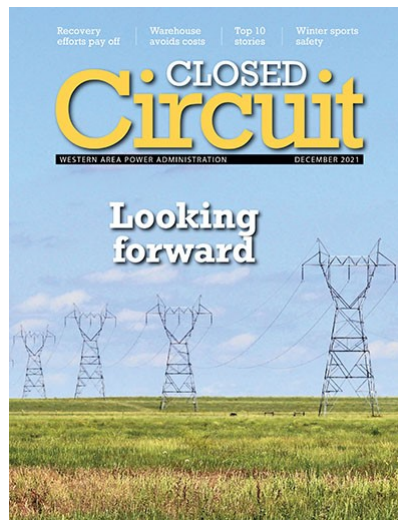

As a reminder, monthly publication schedules and the constantly evolving nature of the situation means it is not possible for Closed Circuit to provide up-to-date information regarding COVID-19.

We appreciate your feedback. If you have story ideas or know of newsworthy milestones or achievements, don't hesitate to send them my way.

Philip Reed
