Western Area Power Administration

Powering the energy frontier

Good day WAPA customers,

The [January issue](#) of Closed Circuit is now available. If you haven't already, be sure to [bookmark this page](#), where you will be able to access all issues as they are released.

This issue features the following stories:

- GridEx tests WAPA's emergency readiness
- CSO shares journey to WAPA
- 508 compliance: a glimpse of the future
- Rail Tie Wind Project final EIS now available
- Reflecting on LDP's supercharged year
- WAPA at its best is...
- Strategically building our safety culture
- Rapid Recaps

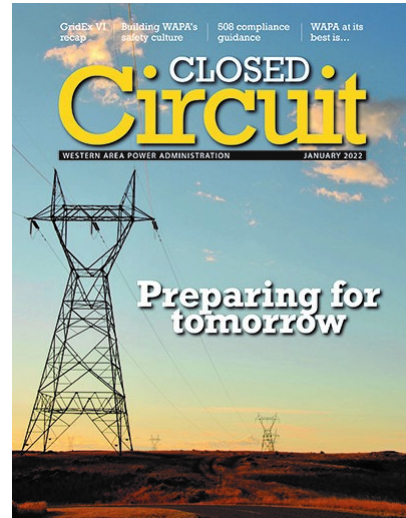

As a reminder, monthly publication schedules and the constantly evolving nature of the situation means it is not possible for Closed Circuit to provide up-to-date information regarding COVID-19.

We appreciate your feedback. If you have story ideas or know of newsworthy milestones or achievements, don't hesitate to send them my way.

Philip Reed
