Western Area Power Administration

Powering the energy frontier

Good afternoon,

Materials for the May 24 OATT Revision 21-01 webinar [are now available](#) on WAPA's Open Access Same-Time Information System.

As stated in the April 30 [notice](#), OATT Revision 21-01 will incorporate the Federal Energy Regulatory Commission's Order No. 845 pro forma changes into WAPA's Large Generator Interconnection Procedures and Agreement.

The materials include the webinar presentation and LGIP/LGIA redlines for WAPA's OATT. **The availability of this material also starts a 30-day informal comment period for customers and other stakeholders that will end June 14.**

We want to hear from you as we evaluate these changes. [Join us for the webinar](#) May 24 at 10 a.m. MDT to review the proposed revisions and the expected filing schedule.

If you have any questions or comments, contact your WAPA OATT regional contact:
