

Department of Energy
Western Area Power Administration
Colorado River Storage Project
1800 South Rio Grande Avenue
Montrose, CO 81401-4800

Dear Colorado River Storage Project Customer:

The Colorado River Storage Project Management Center (CRSP MC) initiated the public process for a rate adjustment with publication of a *Federal Register* notice proposal on June 22, 2023. The Comment and Consultation period will extend through September 1, 2023. A copy of the Federal Register Notice Proposal is enclosed.

The Rate Brochure explaining the proposed rate under WAPA-206 for the Salt Lake City Area Integrated Projects firm power rates will be provided via email no later than June 28, 2023. Western Area Power Administration (WAPA) will also post the brochure and separate documentation supporting the proposed rates to its website at: <https://www.wapa.gov/regions/CRSP/rates/Pages/rates.aspx>. Both the brochure and supporting documentation will be updated throughout the rate process as data becomes available.

Public forum dates:

- July 19, 2023, 12:00 p.m. to 2:00 p.m. MDT – Public Information Forum: WAPA will present a detailed explanation of the proposed rates. This meeting will be conducted in person at the Wells Fargo Building in Salt Lake City, Utah, as well as virtually.
- August 15, 2023, 12:00 p.m. to 2:00 p.m. MDT – Virtual Public Comment Forum: WAPA will accept oral and written comments.

WAPA will send email notifications to provide the location, virtual meeting, and call-in details at least 1 week prior to each forum. Meeting information will also be posted to the CRSP Rates site listed above.

We look forward to working with you and appreciate your time and attention. If there are any questions, please contact me at 970-240-6541 or Osiek@wapa.gov. You can also contact Tony Henriquez, Acting CRSP Rates Manager, at 970-240-6546 or thenriquez@wapa.gov.

Sincerely,

Brent Osiek
Acting Vice President of Power Marketing
CRSP Management Center
