

WestConnect Rate Conversion Table

WAPA’s rates for non-firm transmission service do not make a distinction between on-peak and off-peak hours. Since the other WestConnect participants have separate rates for on-peak and off-peak hours, WAPA converted its hourly rates to on-peak and off-peak under Rate Schedule WC-8.

The table below reflects WAPA’s non-firm rates, as of October 1, 2023, converted to on-peak and off-peak hours. Also included is the Transmission Loss percentage and Reactive Supply and Voltage Control (VAR Support) rate for each provider.
