Subject: DSW/WALC Ancillary Service Charges for Fiscal Year 2024
Date: Thursday, September 7, 2023 11:40:59 AM

Dear Desert Southwest Region Customers and Interested Parties:

Western Area Power Administration (WAPA) has calculated the fiscal year (FY) 2024 charges for ancillary services provided by the Desert Southwest Region and Western Area Lower Colorado Balancing Authority. WAPA has also calculated the FY 2024 revenue requirements for Network Integration Transmission Service (Network) on the Pacific Northwest-Pacific Southwest Intertie Project (Intertie) and Parker-Davis Project (P-DP).

The charges for ancillary services and revenue requirements for Network are annual calculations under Rate Order No. WAPA-200. The following tables contain the specific charges and revenue requirements effective on October 1, 2023.

Rate Schedule	Ancillary Services	FY 2024
DSW-SD4	Scheduling, System Control and Dispatch	\$14.48/schedule per day
DSW-RS4	Reactive Supply and Voltage Control	\$0.066/kW-Month
DSW-FR4	Regulation and Frequency Response	\$0.101/kW-Month

Rate Schedule	Transmission Service	FY 2024
INT-NTS4	Intertie Network	\$32,526,862 ¹
PDP-NTS4	P-DP Network	\$63,516,590 ¹

¹ The monthly charge is the product of the Network customer's load ratio share times one twelfth of the annual transmission revenue requirement for the applicable transmission system.

Information concerning these charges will be available on WAPA's website at <https://www.wapa.gov/regions/DSW/Rates/Pages/AnnualCharges.aspx>.

If you have any questions or need additional information, please contact Todd Statler at (602) 605-2781 or statler@wapa.gov.

Sincerely,

Tina Ramsey | Rates Manager
