Subject: One Transmission Rate - FY 2025 Rates and Charges
Date: Friday, August 2, 2024 7:59:38 AM

Dear Desert Southwest Region Transmission Customers and Interested Parties,

On December 1, 2023, the Western Area Power Administration (WAPA) Administrator approved Rate Order WAPA-209 placing the One Transmission Rate (OTR) formula rate into effect. This rate order requires annual calculations of the charges for the Desert Southwest (DSW) transmission services. WAPA has calculated the charges for fiscal year (FY) 2025.

To moderate increases to the transmission charges, WAPA will defer discretionary principal payments on Parker-Davis Project transmission assets.

The transmission service charges for FY 2025 are as follows:

Long-Term Firm Point-to-Point Transmission Service (DSW-FT1)	
Yearly	\$21.12 / kW-Year
Monthly	\$ 1.76 / kW-Month

Short-Term Firm Point-to-Point Transmission Service (DSW-FT1)	
Monthly	\$1.76 / kW-Month
Weekly	\$0.41 / kW-Week
Daily	\$0.06 / kW-Day
Hourly	2.41 mills/kWh

Non-Firm Transmission Service (DSW-NFT1)	
Hourly	2.41 mills/kWh

Network Transmission (DSW-NTS1)	
Annual Revenue Requirement*	\$105,251,766

*Monthly charge equals customer's load ratio share times one twelfth (1/12) of the annual transmission revenue requirement.

Firm Transmission Service of Salt Lake City Area Integrated Projects Power (PD-FCT8)	
Seasonal	\$10.56 / kW-season
Monthly	\$ 1.76 / kW-month

Information on the OTR charges is available on WAPA's website at <https://www.wapa.gov/about-wapa/regions/dsw/rates/otr/>.

If you have any questions, please feel free to contact me.

Sincerely,

Tina Ramsey | Rates Manager
