Western Area Power Administration

Sierra Nevada Region

Informational Purposes Only

To Central Valley Project Preference Customers and Interested Parties:

Western Area Power Administration (WAPA) Sierra Nevada (SN) Region plans to file a 5-year extension under Rate Order No. WAPA-223 for the Washoe Project, Stampede Division Non-Firm Power Formula Rate.

WAPA-SN is proposing to conduct a rate process from October 2026 through August 2027, to set rates into effect October 1, 2027, through September 30, 2032, or until superseded.

WAPA-SN will start the formal process by publishing a notice in the *Federal Register* and allow for a 14-day comment period.

Please visit [2027 Washoe Rate Extension WAPA-223](#) for the latest information on this process. Feel free to reach out with questions at SNR-RateCase@wapa.gov.

Thank you for your continued partnership.
